

The Biggest Event is Coming

The organization of the first joint Safety Auditors Conference in Hong Kong is well underway. This function is jointly organized by HKIRSA, HKRSAA, HKSOSA and SASA. Five speakers including Mr. Pang Kwok Lam, Chief Occupational Safety Officer of the Labour Department, will present their talks at the seminar.

The Conference will be held on Saturday 30th October 2004 at the penthouse of Miramar Hotel. A buffet lunch is also included. The fee would be around \$150 depending on the amount of sponsorship received.

Please mark your diary and help in soliciting sponsors for the event. Contact us if you need further information. The enrollment form will be out in mid-September.

Site Visit to Quarry

Following the very interesting talk by Mr. Raymond Lam, a site visit is being organized to the quarry to witness blasting procedures. Interested members are requested to enrol with the Society via email to info@sasa.org.hk or call Ms. Carmen Lam at 27869009. Details will be provided when the number of participants are known.

Don't miss this rare chance to see it blow!

Membership

According to the Annual Report of the Labour Department, there are 622 Registered Safety Auditors at the end of 2003. We have a great potential to increase our membership because **All RSA are eligible to become full members of the Society.**

The membership fee for 2004 has been waived and only an entrance fee of \$100 is required to become a member. Interested persons may go to our website www.sasa.org.hk and download an application form to apply **NOW!**

Attendance to EC Meetings

Members are welcome to join the EC meetings of the Society. The next one will be held at 6:30 p.m. on Thursday 9th September 2004 in the address above. Please call Carmen at 27869009 to book your place or raise any subject for discussion.

Mr. Lam Chung - M	Mr. Chiu Kin Shing - M
Mr. Leung Kai Chiu - M	Mr. Ma Ming Chau - M
Mr. Sun Cheuk Yuen - M	

SMART

SMART (The Safety Management Audit Rating Tool) was developed by the Society and has been one of the popular auditing tools used by the auditing profession. The Society intends to upgrade the program and to update its usage. Various suggestions have been made including making it a web-based program; a simple questionnaire; or a semi-automatic score calculator. If you have any idea on how SMART needs to be changed, please give your views to info@sasa.org.hk.
